 - CSS básico
 - Consejo rápido: seleccionar por nombre de etiqueta
 - Desafío: criatura genial

¡Bien! ¿Ahora también puedes agregar una imagen de una criatura genial?

The screenshot shows a code editor on the left and a preview area on the right. The code editor contains the following HTML and CSS:

```

8   background-color:rgb(242, 198, 0);

11 p{
12   color:rgb(12,12,12);

23

27   <p>Los perros <em></em>son asombrosos <strong>
28   </strong>.</p>
29
30   <p>Los perros son animales bastante <em>leales</em>
31   </p>
32
33 >.</p>

```

The preview area shows a close-up of a black and tan puppy's face with its tongue out. Below the puppy is a small yellow rectangular box containing a cartoon character wearing sunglasses and the text "Esta criatura es genial porque usa lentes".

Below are several lessons: 'CSS: seleccionar por clase' (with a progress bar at 100%), 'Desafío: clases de manzanas y plátano...', 'Usar selectores sencillos de CSS' (100% complete), and 'Proyecto: página web de viajes'. A sidebar shows 'Computación > Programación de computadoras > Introducción a HTML/CSS hacer páginas web > Introducción a CSS'. At the bottom are links for 'Términos de uso', 'Política de privacidad', and 'Aviso de cookies'. The main content area features a dark blue background with colorful confetti-like shapes. The title 'Usar selectores sencillos de CSS' is at the top, followed by 'Sigue aprendiendo. Sigue creciendo.' with a flexed bicep emoji. It shows '4/4 correctas · 120 puntos de energía'. The central image is a stylized illustration of three floating, colorful shapes (blue, green, and yellow) with faces.
